## Mission Statement

Our mission is to provide students the educational opportunity to scientifically investigate human behavior at the individual, social and spiritual levels, while seeking to develop ways of thinking about people and assisting them in coping with their problems.

The Behavioral Sciences Department is committed to providing students with a sound educational experience wherein they are enabled to learn theories and practical applications, think critically and integrate their Christian faith with their chosen discipline.

The Department of Behavioral Sciences includes the areas of psychology, sociology, human services and criminal justice. It offers majors in psychology, sociology, human services and criminal justice, and military science. The department also offers minors in psychology, sociology, counseling, social work, gerontology and criminal justice. Certification Officer and Coordinator of Clinical Experiences:

### Mission Statement

The Department of Education is a learning community preparing teachers and administrators to be caring, effective practitioners in today's schools.

### Vision Statement

The Department of Education endeavors to prepare students for careers in teaching by:

- Building a strong knowledge base in educational theory and developmentally appropriate practice;
- Linking knowledge, academic theory, and practice through diverse clinically-based experiences;
- Promoting the use of technology in schools;
- Integrating Christlike values in daily school interactions by helping students become moral, ethical teachers and administrators;
- Promoting reflective thinking about school experiences;
- Promoting professional development and life-long learning.

The teacher education program has been approved by the State Board of Education of the State of Missouri through October 2013. The Missouri Department of Elementary and Secondary Education (DESE) grants this approval. When state department requirements change for teacher certification, the new requirements take precedence over this catalog. SBU reserves the right to amend the curriculum and require teaching certificate candidates to graduate under a program that reflects these changes. Southwest Baptist University is authorized to conduct a professional education program and recommend candidates for both initial certification and second areas of certification as listed in the table below. Total hours must meet SBU's graduation requirements. The Teacher Education Program is also recognized by the Association of Christian Schools International (ACSI).

<p>Early Childhood Birth – Grade 3 (second area of certification) Elementary 1-6 (second area of certification required) Middle School 5-9 Language Arts 5-9 Mathematics 5-9 Science 5-9 Social Science 5-9 Spanish K-9 (second area of certification) Speech 5-9 (second area of certification)</p>	<p>Certification in content areas 9-12, K-12 Art K-12 (K-9 as second area of certification) Biology 9-12 Chemistry 9-12 English 9-12 General Science 9-12 (as second area of certification) Health K-12, 9-12, K-9 ( as second area of certification) Mathematics 9-12 Music (Instrumental, Vocal) K-12 Physical Education K-12, 9-12 (K-9 as second area of certification) Social Science 9-12 Spanish K-9 (as second area of certification) Speech and Theatre 9-12 Unified Science: Biology 9-12 (certificate) Chemistry 9-12 (certificate)</p>

Before being admitted into the teacher education program, candidates must receive a passing score on the College Basic Academic Skills Examination (C-BASE) and achieve a grade point average of 2.5 on a 4.0 scale. Additional requirements and procedures are found in the *Teacher Education Handbook*.

**All teaching certificate candidates are required to pass the Praxis before being allowed to student teach.** If the Praxis is not taken or passed, an Elementary or Middle School major who has met course and hour requirements except the 10 hours of student teaching could graduate with a degree in education without certification. If a candidate pursuing secondary certification does not pass the Praxis but specified course and hour requirements have been met, the candidate could choose to graduate with a degree in the content area.

Under Title II reporting during the 2007-2008 academic year, 150 undergraduate students had been accepted into the teacher education program and were pursuing elementary, middle, or secondary certification. A total of 77 students completed supervised student teaching in either the fall or spring semester. At Southwest Baptist University, student teaching consists of a minimum of 35 hours per week for 12 weeks. Placement for student teaching is made in schools that are within a 50 mile radius of Bolivar. The faculty-student ratio in supervised student teaching during the 2007-2008 report year was 3.8 in the fall and 2.3 in the spring. For Praxis pass rate information during the report year, please see Praxis Results on the Department of Education web site. (<http://www.sbuniv.edu>)

### **Mission Statement**

To prepare students for a lifetime of utilizing safe, healthful and meaningful physical experiences and to equip them with skills and knowledge enabling the practical use of recreation and sport in a wide variety of settings, including church, community, business and schools.

### **Vision Statement**

Health, Physical Education and Recreation Department's vision is to develop students that understand the meaning and purpose of human movement while providing knowledge paradigms that:

- Provide academic and practical experiences necessary for related occupational endeavors;
- Encourage self awareness into their physical dimension and it's relationship to the total integrated human being: i.e., spiritual, psychological, social and cognitive nature;
- Challenge students to re-create themselves through physical activity to meet life's demands;
- Encourage a wholesome and balanced lifestyle of work and leisure which is consistent with a Christian worldview.

## **Physical Education**

Recognizing that mental cognition and efficiency is dependent upon organic health and vigor, and with the philosophy that training and development of the body should be as systematic and thorough as training of the mind, programs for individual and team physical enhancement are offered in health and physical education. Fundamentals of sports and athletic skills are taught and

opportunities for participation are provided through various physical education programs. Academic programs are offered which lead to Missouri teacher certification in grades K-12, K-9, and 9-12. The department also offers certification programs in health education. Students desiring to pursue a career in a sports-related area other than teaching may pursue a major in Sports Management. A physical education major must pursue a course of study that leads to either the bachelor of arts degree or the bachelor of science degree. Certification requirements as outlined in one of the programs listed below and in the teacher education section of the catalog must be met. It is strongly recommended that students seek endorsement (certification) in a second teaching field or occupational area. All physical education majors who seek a teaching certificate must complete the student teaching block. Enrollment in upper level education courses by all students seeking State Teacher Certification is limited to those students who have a cumulative GPA of 2.5, a documented ACT or SAT score on file in the Office of Teacher Education, have passed all sections of the C-BASE, and have completed their file in the Office of Teacher Education. A person fulfilling degree requirements may be eligible to graduate with or without teacher certification. (Please see note in Education course offering.)

## Prelaw

The Association of American Law Schools does not recommend a specific prelaw major as the preferred background or preparation for law school. Therefore we do not designate any specific major or minor for students who anticipate attending law school. However, some of the majors and minors typically chosen by prelaw students are political science, business, history, education, English and speech, although any challenging area of study would be appropriate. The Department of History and Political Science offers a special Prelaw seminar (POL 2101) for students who are planning to go to law school following graduation. Practice Law School Admission Test questions are given during the seminar along with other vital information regarding entrance into law school and other aspects of the legal profession. Entrance into law school is based on a combination of grade point average and scores on the standardized Law School Admission Test (LSAT). The Department of History and Political Science also offers academic advisement for students who are planning to go to law school following graduation. For further information contact the Department of History and Political Science.
