Section: Academic Policies and Procedures

Subject: Academic Removal from ATEP

Purpose: To define Academic Removal to the student as it applied to the Athletic Training Major.

Policy:

An athletic training student will be removed from ATEP program probation if they have successfully completed the conditions of the established learning agreement during the identified time frame. A student will be removed from the ATEP if they are unsuccessful in completing the conditions of the established learning agreement during the identified time frame. Removal from the program does not mean dismissal from the University.

Students removed for the ATEP due to unsuccessful completion of the established learning agreement may re-apply to the ATEP through normal admissions procedures. If re-admitted, the student may be required to repeat courses that didn't meet the Departmental Academic Matriculation policy.
