

ASN Program Outcomes

Current job placement rates and program completion rates for the Associate of Science in Nursing (ASN) program within the College of Health Professions of Southwest Baptist University.

2021 Job Placement Rates

Associate of Science in Nursing: 98% (hired as an ASN-prepared nurse at the time of graduation)

Program Completion Rates

Program Name	Year	Average Completion Rate
ASN	2021	65%
ASN	2020	84%
ASN	2019	74%

Completion rates are determined by noting the start date of the first nursing course and the completion date of the last nursing course in the program calculated at 150% of the published program length.

ASN NCLEX Pass Rates

Year	Pass Rate
2021	74.40%
2020	85.40%
2019	88.72%

Last updated March 2022.
