Prelicensure BSN Program Outcomes

Job Placement Rates-100%

Job placement rates reflect the percent of graduates who are employed as a registered nurse within 6 -12 months of graduation.

Program Completion Rates-83.33%

Completion rates are determined by noting the start date of the first nursing course and the completion date of the last nursing course in the program calculated at 150% of the published program length.

NCLEX Pass Rates-100%

NCLEX pass rates reflect the percent of graduates that pass the licensure exam on the first attempt per calendar year.
