Political and social survey of United States history from the Gilded Age to the present.

Kinesiology

KIN 1162 Foundations of Physical Fitness and Wellness, Gina Whitehead — 2 Hours
Study and participation in programs recommended for development of adult physical fitness. Emphasis is on determining level of fitness, importance of fitness in total well-being, nutrition
and diet selection, monitoring effect of fitness activities, selection of fitness/wellness programs, stress management, and program implementation. Web-Based non-proctored examinations.

**Mathematics**

**MAT 1243 Algebraic Reasoning and Modeling, Dr. Tim Chappell — 3 Hours**
This course explores the use of algebra in the real world. This exploration takes place by examining the concept of function. Conceptual understanding of linear, exponential, logarithmic, quadratic, and other polynomial functions is grounded in the collection and statistical analysis of real world data. Functions will be used to solve real world problems using modeling techniques. The concept of function is also explored in detail using analytic geometry. This course includes recorded class lectures. Prerequisite: Must have an 18 on the math portion of the ACT.

**Psychology**

**PSY 1013 General Psychology, Mr. Bill Walkup — 3 Hours**
A “life-oriented” course including: physiological backgrounds of behavior, development, motivation, emotion, intelligence, personality, adjustment, and social psychology. Internet access and valid e-mail account required. Web-based examinations.

**Sociology**

**SOC 1003 Introductory Sociology, Mrs. Debbie Gamble — 3 Hours**
Survey of major subject areas and principles of sociology: Topics of the nature and development of culture; social aspects of personality; population trends, social classes, institutions and social change.
